

JPS Connection

Notification

JPOC Handicap Parking Temporarily Closed
Please use accessible parking in the Main Street Garage. Click to learn more and see other parking options.

As Tarrant County's community health network, JPS Health Network wants to make sure that all residents of our county have a medical home to keep them healthy. We understand that sometimes life throws curve balls. Many people experience a time in their life when the cost of medical care seems overwhelming. That's why JPS provides a number of different assistance programs. By enrolling in the JPS Connection

program, you and your family can see JPS doctors for regular check-ups, specialists for your specific health concerns, and even get your prescriptions filled at low cost.

As of October 2013, the federal Affordable Care Act provides health insurance for many people who could not afford it before. If you are eligible to sign up for insurance at work or under the Affordable Care Act (HealthCare.gov and CuidadoDeSalud.gov,) you should do so.

Learn more about Affordable Care Act Plans.

If you have questions regarding the application process, required documents or membership benefits, contact JPS Enrollment and Eligibility at 817-702-1001, or send an e-mail to eligibility@jpshealth.org
